Museum of Contemporary Art

Chicago, Illinois

One of the nation's largest facilities devoted to the art of our time, the Museum of Contemporary Art (MCA) offers exhibitions of the most thought-provoking art created since 1945. The MCA documents contemporary visual culture through painting, sculpture, photography, video and film, and performance.

Located in a new building near the historic Water Tower in the heart of downtown Chicago, this 46 million dollar facility additionally boasts a terraced outdoor Sculpture Garden; a museum store for books and design objects; a café and special events area; a 15,000-volume art library; and the Mayer Education Center, incorporating studio-classrooms, a space suitable for symposia and performances, and a 300-seat auditorium.

Kroll Security Group provided security planning, design and installation management services for this high profile facility.
