1025 Main Street  
Bastrop, TX 78602

Cassley J. Callahan, CPP, a Senior Associate with Kroll Security Group, has been with the firm since 2007 and previously worked with the firm from 1999 to 2003. Mr. Callahan has provided project engineering and construction management services for a variety of high profile projects. His area of expertise includes access control, alarm monitoring, intrusion detection, video imaging, closed circuit television (CCTV) systems both analog and digital and intercom / communications products and systems.

Mr. Callahan began his professional career in the Security Industry in 1992 with a Texas based manufacturing firm involved in the design, manufacturing and marketing of specialized security products. Mr. Callahan's positions grew from Design Engineer to Director of Engineering Services where he was responsible for managing the Engineering Department. His responsibilities included the design, application and integration of various products into numerous high level government and corporate facilities.
