David Waldron, a Senior Managing Associate with Kroll Security Group, has been with the firm since 1997.

During his tenure with Kroll Security Group, Mr. Waldron has served in a number of roles from project engineering to the project management for a number of large scale projects. He has also been centrally involved in conducting security assessment surveys for numerous high-rise properties as well as municipal buildings.

Mr. Waldron began his professional career in the Security Industry in 1989 with a Texas based manufacturing firm involved in the design, manufacturing and marketing of specialized security products. Mr. Waldron's positions ranged from Director of Mechanical Design to Sales Manager. His roles involved him deeply in the application and integration of various security products into numerous high-level government and corporate facilities.

Prior to beginning his career in the Security field, Mr. Waldron held positions with Lockheed Missile and Space Corporation and IBM/CDI.
